

Catalyst for Change June 2025

Dear Reader,

Welcome to our June edition of Catalyst for Change! As summer begins, [Health Partners on IPV + Exploitation](#) is excited to share a new Spanish translation of our evidence-based CUES intervention infographic along with upcoming webinars.

New Resource Spotlight: “CUES” Infografía en Español

[Health Partners on IPV + Exploitation](#) recently developed a Spanish translation of our evidence-based CUES intervention infographic. The Spanish CUES infographic includes information on the CUES intervention, scripts, pointers, relevant resources, and national hotlines.

Download the English and Spanish (1 page) PDF [here](#). To support training and education on the evidence-based CUES intervention see [these videos](#) that demonstrate the implementation of the CUES approach in different health settings.

Help Improve Services: National Health Resource Center on Domestic Violence Survey

[The National Health Resource Center on Domestic Violence](#) (a project of Futures Without Violence) invites you to participate in an important [survey](#) focused on improving services for survivors of violence. As someone with lived experience, your insights are invaluable and could help shape better support systems.

This confidential survey takes approximately 5-10 minutes to complete and asks about your experiences with care services following abuse. Your responses will directly inform recommendations for healthcare providers and domestic and sexual violence advocates to better meet the health needs of survivors.

Featured Resources

[Health, healing, and relationships: You are not alone Safety Card](#)

The Health, Healing, and Relationships: You Are Not Alone Safety Card assists clinical and community support staff in addressing violence as health issues in the lives of patients/clients living with HIV.

[You Matter \(Teen ACES\) Safety Card](#)

You Matter is a safety card tool to support teens with histories of Adverse Childhood Experiences (ACEs). It was developed in collaboration with young people, adolescent health providers, and school-based HC staff.

[Supporting Survivors of Violence and Abuse in Oral Health Care Settings](#)

Supporting Survivors of Violence and Abuse in Oral Health Care Settings includes a patient brochure and educational brief produced by [Health Partners on IPV + Exploitation](#) in collaboration with the [National Network for](#)

Important information about the survey:

- Your participation is completely voluntary
- All responses are anonymous and confidential

The survey will be open until June 15, 2025.

Access the survey at: [Survivor Guidance Survey](#). Once you complete the survey you will have an opportunity to enter a raffle for a \$50 gift card.

Your expertise through lived experience can help create meaningful change in how care is provided to survivors. Thanks for considering this invitation and please prioritize your wellbeing above all else when deciding whether to participate.

Upcoming Webinar: Collaborative Mental Health Support for Survivors of Human Trafficking

Please join Futures Without Violence for, “Collaborative Mental Health Support for Survivors of Human Trafficking”, a 75 minute webinar on Tuesday, June 24, 2025 at 11:00 AM PST/12:00 PM MST/1:00 PM CST/2:00 PM EST.

This webinar will offer an overview of the impact of human trafficking on survivors and present strategies to meet the comprehensive mental healing needs of survivors. It will also explore key considerations for collaborating with mental health professionals to ensure survivor-centered care is paramount.

Who should attend: Domestic Violence, sexual assault, anti-human trafficking, teen dating violence, health care, social services, economic empowerment programs, housing, legal services, mental health professionals, in addition to other service providers and advocacy programs are encouraged to participate.

Register [here](#).

If you have any questions, staff from the [Building Collaborative Response to Human Trafficking Project](#) provide technical assistance on community collaboration and support for human trafficking survivors. Email them at learning@futureswithoutviolence.org.

Bridging Care and Safety: A Systems-Based Approach to Addressing IPV in Health Centers

Hosted by the [Hawai'i Primary Care Association \(HPCA\)](#), Health Partners on IPV + Exploitation will be present a virtual training for Hawai'i health centers on July 2, 2025 at 12:00 PM-1:00 PM HST to strengthen their response to IPV and improve their clinical competency. Presented by [Dr. Kimberly Chang](#), this session will feature key topics, including integrating IPV response into clinical workflows and moving beyond screening with the evidence-based CUES intervention.

CMEs/CEUs will be provided for this session.

[Oral Health Access \(NNHOA\)](#)

to help patients have comfortable dental visits and know what to expect; and to offer guidance to oral health staff and providers on how to support survivors of IPV.

OCHIN Epic Quarterly Focused Discussion- CUES SmartTool

Are you an OCHIN Epic EHR user? If so, join OCHIN on July 25, 2025 at 11:00 AM PST/12:00 PM MST/1:00 PM CST/2:00 PM EST for a Quarterly Focused Discussion (QFD) focusing on IPV. This session will feature information on the evidence-based CUES intervention and the CUES smart tool available to OCHIN Epic users to aid staff in using CUES and improving care for survivors of intimate partner violence (IPV), human trafficking (HT), and exploitation (E).

The QFD will feature a presentation from Health Partners on IPV + Exploitation and will highlight the experience of providers who implemented CUES from [Asian Americans for Community Involvement \(AACI\)](#).

To learn more about the QFD, click [here](#).

Warmly,

Health Partners on IPV + Exploitation Team

Futures Without Violence

www.healthpartnersipve.org

Health Partners on IPV + Exploitation funded by the Health Resources and Services Administration's (HRSA) Bureau of Primary Health Care (BPHC). HRSA is an agency at the U.S. Department of Health and Human Services (U.S. DHHS), providing healthcare to people who are geographically isolated, and/or economically or medically vulnerable. Health Partners on IPV + Exploitation works with health centers and systems to support those at risk of experiencing or surviving intimate partner violence (IPV) or human trafficking (HT) and to bolster prevention efforts.
